

IN THE UNITED STATES DISTRICT COURT  
FOR THE EASTERN DISTRICT OF TEXAS  
BEAUMONT DIVISION

ROBERT GLENN LEBLANC, SR. §  
VS. § CIVIL ACTION NO. 1:18cv204  
DIRECTOR, TDCJ-CID §

MEMORANDUM ORDER OVERRULING PETITIONER'S OBJECTIONS AND  
ADOPTING THE MAGISTRATE JUDGE'S REPORT AND RECOMMENDATION

Petitioner Robert Glenn LeBlanc, Sr., an inmate confined at the Stiles Unit of the Texas Department of Criminal Justice, Correctional Institutions Division, proceeding *pro se*, brought this petition for writ of habeas corpus pursuant to 28 U.S.C. § 2254.

The court referred this matter to the Honorable Keith F. Giblin, United States Magistrate Judge, at Beaumont, Texas, for consideration pursuant to applicable laws and orders of this court. The Magistrate Judge recommends the petition be dismissed as barred by limitations.

The court has received and considered the Report and Recommendation of United States Magistrate Judge filed pursuant to such order, along with the record, pleadings and all available evidence. Petitioner filed objections to the magistrate judge's Report and Recommendation.

The court conducted a *de novo* review of the objections in relation to the pleadings and the applicable law. *See* FED. R. CIV. P. 72(b). After careful consideration, the court concludes petitioner's objections should be overruled. Petitioner's petition is barred by the applicable one year statute of limitations. Alternatively, petitioner's petition should be dismissed pursuant to 28 U.S.C. § 22444(b)(3)(A) based on petitioner's prior petitions and failure to obtain authorization from the Fifth Circuit prior to filing the petition. *See In re Flowers*, 595 F.3d 204, 205 (5th Cir. 2009).

Furthermore, petitioner is not entitled to the issuance of a certificate of appealability. An appeal from a judgment denying federal habeas corpus relief may not proceed unless a judge issues a certificate of appealability. *See* 28 U.S.C. § 2253; FED. R. APP. P. 22(b). The standard for granting a certificate of appealability, like that for granting a certificate of probable cause to appeal under

prior law, requires the movant to make a substantial showing of the denial of a federal constitutional right. *See Slack v. McDaniel*, 529 U.S. 473, 483-84 (2000); *Elizalde v. Dretke*, 362 F.3d 323, 328 (5th Cir. 2004); *see also Barefoot v. Estelle*, 463 U.S. 880, 893 (1982). In making that substantial showing, the movant need not establish that he should prevail on the merits. Rather, he must demonstrate that the issues are subject to debate among jurists of reason, that a court could resolve the issues in a different manner, or that the questions presented are worthy of encouragement to proceed further. *See Slack*, 529 U.S. at 483-84. Any doubt regarding whether to grant a certificate of appealability is resolved in favor of the movant, and the severity of the penalty may be considered in making this determination. *See Miller v. Johnson*, 200 F.3d 274, 280-81 (5th Cir.), *cert. denied*, 531 U.S. 849 (2000).

Here, petitioner has not shown that any of the issues raised by his claims are subject to debate among jurists of reason. The factual and legal questions advanced by petitioner are not novel and have been consistently resolved adversely to his position. In addition, the questions presented are not worthy of encouragement to proceed further. Therefore, petitioner has failed to make a sufficient showing to merit the issuance of a certificate of appealability. Accordingly, a certificate of appealability shall not be issued.

O R D E R

Accordingly, petitioner's objections are **OVERRULED**. The findings of fact and conclusions of law of the magistrate judge are correct and the report of the magistrate judge is **ADOPTED**. A final judgment will be entered in this case in accordance with the magistrate judge's recommendations.

SIGNED this the 28 day of February, 2019.

Thad Heartfield  
United States District Judge
